

Fresh Produce Shopper Survey

Investigating fresh produce plastic packaging

Thank you for helping us investigate plastic packaging in the supermarkets. This survey will take approximately 5 minutes to complete and will ask you questions about the fresh produce section in the supermarket. We suggest completing this survey prior to your shopping for today.

For the next few questions, we're interested in comparing plastic-wrapped fresh produce with produce in other types of packaging, or no packaging (loose).

* 1. Which supermarket are you shopping in today?

- Woolworths
- Coles
- Aldi
- IGA
- Foodland
- Foodworks
- Harris Farm Markets
- Other (please specify)

2. Please provide the following details for this store:

Suburb

Post code

* 3. It is easy for me to shop low- or no-plastic in the fresh produce section here today:

- True
- False
- Unsure

For your chosen item, please find an option packaged in plastic, and an item available loose (or non-plastic packaged). Please make these as comparable as possible; e.g. granny smith apples in a 1kg bag vs granny smith apples sold loose (no packaging). Please choose your item randomly, not based on price.

* 4. Please choose a product for comparison. Ideally, this should be a product with a couple of options you can compare.

- Apples
- Oranges
- Lemons
- Limes
- Tomatoes
- Potatoes
- Carrots
- Capsicums
- Other (please specify)

* 5. Please provide the following details for the **packaged** product:
If there is no packaged option for your chosen product, please let us know.

Cost per
item/weight - e.g.
1kg: \$4.50kg

6. Please take a photo of the **packaged** item with the price label clearly visible:

This is only available when connected to the internet. If you have difficulties uploading an image please email them to plastics@amcs.org.au and let us know the suburb and post code of your shop today
